## THE "OTTAWA SPOTLIGHT"

(Weekly Review of National Affairs)

By M. McQUILL

### THE C.N.R. REPORT

The annual report of the Canadian National Railways for 1940 seems to indicate that in 1941 the government owned system will be entirely "out of the red". In 1940 freight revenues increased over 14 million dollars and passenger revenues nearly four million dollars. The movement of war materials to munitions plants, of munitions of war and all other kinds of supplies to ocean ports and on construction materials to training centres has all contributed to the improved financial report of the railway. For 1940 the railway has made enough profit on operations to pay 23 1/2 million dollars out of the \$48,700,000 interest on funded debt owned by the public. This is a great relief to the public treasury, and it is expected that next year the full amount of this interest will be paid from railway operation.

The Prime Minister on Canada's War Effort.

The outstanding event of the past week and of the entire session has been the explanation given by the Prime Minister of the real scope of Canada's war effort. So much had been said, the suggestion from some quarters based on an entirely false idea of what Canada was doing that this country should also have a "lend lease" measure, that the speech in the House of Commons was a relief to everyone. It was given in the closing hours of discussion of the war appropriations bill, which has now passed both the Commons and the Senate, and awaits only the Vice-regal signature. During the coming year Canada would be spending about 44 per cent of the entire income of the country in its war effort. The national income has been estimated at just under \$6 billion dollars. Canada's direct war effort will cost about \$1,450,000,000. In addition to this Canada will be sending to Britain during the next twelve months approximately \$1,500,000,000 worth of munitions of war, raw materials and other necessities. Britain's deficit in her balance of payments for the year is estimated at \$1,150,000,000. To meet this deficit Canada must provide Britain with Canadian dollars or the purchase of Canadian securities now held in Britain or by the accumulation of sterling balances. From September 1939 to February 1941 the United Kingdom's deficit was 787 million dollars, 45 per cent of which was provided by Canada through the repatriation of securities and 51 per cent by the accumulation of sterling balances while only 34 per cent was met by the transfer of gold. Since December no gold has been received from the United Kingdom. The Prime Minister said he hoped Britain could send some gold but he emphasized that whatever gold or securities Canada sends to Britain makes available to Canada for one purpose only and that purpose is to enable Canada to make payment to the United States for war purchases.

There were 250,000 men on active service and 175,000 in the reserve.

### GOVERNMENT URGES EARLY DELIVERY OF BALANCE 1940 CROP

Farmers of this community will be interested in a statement made in the House of Commons by Hon. J. A. MacKinnon, as follows:

"I would like to suggest to farmers to keep storage space at their local shipping points filled as far as possible in order to prevent a serious rush of wheat in the following weeks of the crop year. I wish to stress this."

All farmers should carefully study the Government's 1941 wheat export plan with a particular view to making their decision concerning delivery of the balance of their 1940 crop before the 1941 delivery quotas become operative. The price which the Wheat Board will pay on the 1940 crop will have reached 76 cents per bushel by the end of July last. Port William and Vancouver, which price includes farm storage. On August 1st, if the Government's 1941-42 plans are accepted by Parliament the price received for the per bushel coupled with further restrictions on deliveries. Farmers should not leave delivery off until too late in the season to labor and sacrifice their space is not available at that time.

army. "Never in the history of war have 11 million people," said the Prime Minister, "given so freely and pledged so fully their treasure, their resources and their manpower, and we as Canadians have no reason to discount the magnitude of the material contribution which the people of this Dominion are making."

## WORTHY PIONEER PASSES

The name of Mrs. John McDougall will always be associated with a worthy, progressive and courageous pioneer, who by their living and influence gave to the Province a high standard in life and thought.

## W. M. S. THANK-OFFERING MEETING

Wednesday afternoon of the W. M. S. held their annual Thank-offering meeting at the home of Mrs. Munro MacLeod. A large number were in attendance and a very interesting afternoon was arranged.

Mrs. MacLeod presided, calling on Mrs. White to conduct the Devotional service.

Mrs. Hunt introduced Mrs. Harbeck of Calgary, who gave a stimulating and clever address, dealing with the problems of religion and education in Alberta, and the urgent need for everyone to be keenly alert to the great need for spreading the mission of the church, if we wish to develop Alberta along the lines of a Christian civilization and a more equitable sharing of Health, School and Church Services.

Two very enjoyable songs were given by Mrs. T. S. Hughes accompanied by Mrs. Hunt.

Delicious refreshments were served by the members of the W. M. S., and a pleasant social hour enjoyed. The collection amounted to \$10.85.

## Shower For Bride-Elect

Honoring Miss Eileen Werling, whose wedding will be an event of Saturday, a number of Eileen's Strathmore girl friends, entertained at a magnificent shower Tuesday afternoon at the home of Mrs. Elmer Gray.

The gifts were presented to the bride, and a flag-draped basket decorated with miniature air-planes on top.

Eileen was the recipient of many lovely gifts, accompanied by the good wishes of her friends.

Dainty refreshments were served and a happy hour followed.

The wedding will take place in Calgary Saturday when Eileen will be the bride of LAC Keith Beattie.

## Old Prophecy To Be Fulfilled

(Edmonton Journal)

The National Savings Committee in London, in one of its newspaper advertisements, recalls a striking prophecy made some 2000 years ago by the poet Thomas Gray, author of "Stanzas Written in a Country Churchyard." Gray wrote the lines in Latin; the translation is given in these words: "The time will come, when those that shall lift their eyes To watch a long-drawn battle in the skies, While aged peasants, too amazed to stare at the flying fleets of wondrous birds, England, so long the mistress of the seas, When winds and waves confess her sovereignty, Her ancient triumphs yet on high shall bear, And reign, that sovereignty of the conquered air."

If that poet was prophetic enough to predict correctly a "long-drawn battle in the skies" 200 years later, the rest of his prophecy should come true all as Britons know it will. They can make its fulfillment doubly sure by putting every ounce of energy and every dollar they can spare—yes, every dollar they can afford to spare—into the war effort. Canadians are hearing the insistent call to labor and sacrifice more clearly than ever before.

These charming pictures of young Misses Frances Goldstein (Poland); Miss Marion Kummner (Norway); Mrs. Natalia Krasnoper (Ukraine); and Miss Anne Moravec (Czechoslovakia).

## TOWN COUNCIL

A letter from the Provincial Government was read stating that the Town is not entitled to charge five percent for collection of the School Taxes, as they were informed by the auditors. Since two or three of the recommendations of the auditors did not seem altogether clear, it was decided that when they are over the next time, the town solicitor and secretary should get together with them, and straighten things out.

Notice was received from the Dominion of one pension having been granted.

The School Board will be asked to send a representative to the next meeting, to discuss their requirements for the year, so that the committee working on estimates will be enabled to go ahead. The Board asked the Council if they might have the same arrangements which they obtained several years ago, when they practiced in the Town Hall on Wednesday nights from eight to ten. Council was quite agreeable to retaining the arrangement.

Insurance was ratified on two pieces of town property, and liability insurance for the fire truck renewed, as was also the Secretary's bond.

It was decided that the Town should retain a team immediately, to arrange for the removal of ashes, etc. The culvert at Railway Avenue which is blocked, will be finished by hose pressure and if there is nothing serious in the way, this should clear it. The weeds on the east bank of Railway Avenue will be raked into the ditch and burned.

The matter of engaging a travelling Manual Training teacher for next year for Swallow and Kathryn High School, in conjunction with two or three town schools, was considered, and representatives from Irficiana and Deiseker school boards are being invited to attend the meeting of the Board to discuss this proposition.

It was decided to support sports gatherings between schools of the Division by contributing up to the sum of \$2.00 per school toward expenses of any school that participates in such an event.

The annual Subdivisional Meeting of the electors and ratepayers of Subdivision No. 1 was held in Strathmore on March 19th, and Subdivision No. 2 at Kathryn on March 22nd. Attendance was curtailed considerably on account of road conditions. The Superintendent's report on the condition of the roads was presented and an interesting general discussion of school affairs took place at each of these meetings.

The British Ministry of Food has asked Canada to supply 11,000,000 pounds of cheddar cheese, and as much additional as can be supplied in the 12 months following April 1, 1941. To do this, and meet the British request for evaporated milk and the Canadian requirements for milk, butter, and other dairy products, will necessitate an additional production of milk amounting to at least 500,000,000 pounds. This means close attention will have to be paid to efficient crop production in order to have sufficient home-grown crops, which will cut down the cost of milk production.

Farmers Advised To Grow Feed For Dairy Herd

Plan now to grow plenty of suitable feed for the dairy herd next winter, advises the Agricultural Supplies Board.

## RED CROSS NOTES FROM THE "FOUR CORNERS"

Lady Tweedsmuir, whose late husband was Governor-General of Canada, has not relinquished her interest in Canadian affairs since the return to England last year. A London letter from the Canadian Red Cross Society, reveals that Lady Tweedsmuir is now doing war work for Canadian soldiers in No. 5 Canadian General Hospital at Taplow.

Recently Lady Tweedsmuir made a tour of Red Cross stores deputed with Major C. A. Scott, Canadian Red Cross Overseas Commissioner. "She is very interested in Red Cross activities and offered her services to me in any capacity," Major Scott writes. "In the last war she assisted with the sending of garments of soldiers to hospital and hospital apparel at Taplow and I immediately suggested that she take on this work for us. I am now able to tell you that a very capable committee headed by Lady Tweedsmuir is looking after the mending of pyjamas, dressing gowns, sheets, etc. and the cutting and folding of gauze for No. 5 Canadian General at Taplow."

Major Scott's monthly report tells of the handicrafts which are now flourishing among patients in all four Canadian military hospitals. "A great number of the men who are able, seem very anxious to make little things for their homes," Major Scott writes. "At the present time a group of patients are working on a large rug in the field of which is the coat of arms of the Dominion of Canada. This will be sent to Red Cross National Headquarters."

The purchase of a supply of gramophone records was approved in connection with Music Appreciation in rural schools, and these will be distributed where gramophones are available.

The Minutes of Annual Meetings of local school boards were read and various requests with regard to repairs and improvements were considered and are to be added to the work program for the coming summer wherever possible.

Mr. L. O. Wheeler was authorized to complete a survey of schools in Subdivision No. 1, in order to have necessary repairs work attended to.

The Interior of Glen Rock School, which is in very bad condition, is to be painted and redecorated during the coming summer.

The matter of engaging a travelling Manual Training teacher for next year for Swallow and Kathryn High School, in conjunction with two or three town schools, was considered, and representatives from Irficiana and Deiseker school boards are being invited to attend the meeting of the Board to discuss this proposition.

## Two Million Pairs of Silk Stockings Coming From Britain in 1941—

The women of Britain do not expect to have any new silk stockings in 1941. Usually they buy 500,000,000 pairs.

Next year the country's normal export of a million pairs will probably be doubled. India will be buying most of them. For years she has been buying from England, and the first sheer silk stockings were made in England for the gentlemen in wig in the days of George the Third. The same makers produced for Queen Victoria the lightest silk stockings ever knitted.

To attract people to the Indian bazaar great quantities of silk stockings from Japan have been dumped down and sold without profit to attract customers.

The Jap makers have been flustered enough to copy the trade marks of the real English article: in one case they reproduce not only the design of the stockings but the name of the English manufacturer, altering a single letter, to which this mark belongs.

Britain is preparing for the pirates not in India only, but elsewhere. South Africa is one other important market; Malaya a third. These and others will be intensively cultivated during the coming year.

## STRATHMORE AND DIST. SCHOOL FAIR

Will teachers please take notice of the following changes in the Prize List now in their hands.

88—S.A. Map of Canada, showing physical features, individual effort, approximately, 12" x 14".

115—Booklet of at least 10 pages on any science topic.

117—Health rule, using poster picture, taken from magazine, 9" x 12" paper.

118—Booklet of ten pages on suitable diet.

119—Health Poster.

120—Health Poster.

121—Health Strap Booklet.

122—118th Rule, using poster picture, taken from magazine, 9" x 12" paper.

123—Crayon drawing of some fruit or vegetable.

124—Any Enterprise Drawing.

125—Any Article constructed during the year.

126—Any Crop Carving.

127—Any Picture Booklet.

128—Any Picture Booklet.

129—Any Picture Booklet.

130—Any Picture Booklet.

131—Any Picture Booklet.

132—Any Picture Booklet.

## U. S. SEIZES 60-000 AXIS SHIPS

President Roosevelt's action in ordering the seizure of about sixty German, Italian and Danish vessels in United States ports has naturally brought protests from the German and Italian embassies. Many of the vessels had been seriously damaged by their crews, probably under direct orders from their governments.

Nine more Axis ships were sunk by their crews at ports in Mexico, Venezuela, Ecuador and Peru.

The British Ministry of Food has asked Canada to supply 11,000,000 pounds of cheddar cheese, and as much additional as can be supplied in the 12 months following April 1, 1941. ## BRITISH NAVY SINKS 5 ITALIAN WARSHIPS

London—Five Italian warships—two destroyers and three torpedo boats—were sunk by British naval forces in a great weekend sea battle in the Eastern Mediterranean, and more than 1,000 Italian sailors have been picked up, the admiralty announced Monday.

The British fleet suffered no losses.

British and Imperial forces captured a German capital ship—Bismarck—on Tuesday. The British advances on other East African fronts continue.

General Chas. de Gaulle, commander of the Free French forces, has picked up at Cairo to confer with General Sir Archibald Wavell.

A new British bomb is five times as powerful as those previously used in the war, and caused damage in recent raids on German ports.

Athens made President Roosevelt an honorary citizen on March 19th, awarded him its gold medal, and renamed one of the Greek capital's main streets Roosevelt Avenue.

On the walls of the St. Helena house where Napoleon died, British soldiers have scrawled: "Warning to Hitler. We welcomed Napoleon's arrival here with a salute of 21 guns. If you reach here, the only guns we will fire will be to rid the world of you."

1.—Restoration of the liberty of the conquered nations of Europe.  
2.—Eradication of Nazism and downfall of its leaders from power.  
3.—Elimination of trade barriers jointly by the British Commonwealth and the United States. (Wendle Wilkie's three point programme).

## THE WEEK IN EDMONTON

● Alberta's first producer marketing plan under existing legislation came into being this week, when personnel of the Poultry Marketing Board was announced. Chairman is Christian E. Christensen of Edmonton, manager of the Northern Alberta Dairy Pool plant; Austin J. Elk, Wetaskiwin, Karl V. Kapler, Strome, Simon Hop, Rockyford, C. W. Traves, Alberta poultry commissioner. The board is producer controlled, and board member V. Kapler is prominent in poultrymen's organization. Work Members will hold office during the pleasure of the lieutenant governor-in-council. As a body they have power to regulate marketing of poultry products and the storage, packaging, distribution and marketing of such products. It will be recalled that plebiscite held last November decided by a large majority to favor establishment of a producer board.

● Death of V. C. French, dean of weekly newspaper editors in Alberta, brought many expressions of condolence from persons connected with newspaper and publishing world in Edmonton. His forty consecutive years as editor and publisher of the Wetaskiwin Times stands as a record in the province. "In his 40 years as a newspaperman, Mr. French was always very fair," said Rev. J. A. Wingblade, M.L.A. for Wetaskiwin. "We of the church always felt that he not only gave space freely to church news in his newspaper, but that church news always was a valuable part of it. I deeply regret his death. He was one of the most highly respected citizens of the community."

● Edmonton's welcome to His Excellency, the Earl of Athlone, Governor General, and her Royal Highness, the Princess Alice was a memorable one. From the time the vice-regal visitors first appeared from their train at the C. N. R. station, through the throngs of the day, they received an ovation wherever they visited. Another visitor in Edmonton during the week was Sir Howard Elphinstone of London, England. He is secretary of the Empire Parliamentary Association and editor of several publications dealing on behalf of that body. He called at the Legislative building to interview Members with a view to their joining the association. "The association serves as a link of parliament throughout the Empire in many ways," he said. "In peacetime it facilitates travel of members in visits to member branches and also provides means of rapid exchange of information. Since the legislature of Prince Edward Island became a member of the association a short time ago, Alberta is the only remaining Canadian province to be signed. While no statements have been issued, it is likely that the Legislature will do so."

● Opening of the united war services appeal for funds in Alberta has been followed by the announcement of federal authorities that the Red Cross will not be permitted to make another national appeal this year. War Services Minister Gardiner made the announcement in the Commons.

● Consideration of estimates is still the major job in the Legislature, but members are confident that they will be on their way home within the next week.

But there most Godlike being must  
be man."—Tennyson.

It must be confessed that no estimation, no tribute, and no commentary on Winston Churchill can be complete because the man's life is so full of events which seem to move at an ever-increasing pace and the man's talents are so varied that there is enough material for great many chapters far in excess of the number that can usually tell the story of most great men. However, it is almost a fact of fate that such a personality should arrive on the scene and rise to world eminence in the darkest days of the history of civilization in order to lead the free men of the world in armed conflict against the resolute forces of evil and of intolerance.

Throughout his life Winston Churchill has shown characteristics of unusual energy of mind and body of courage that does not know the meaning of the word fear, of instantaneous decision and of singleness of purpose whenever it seemed to him that he was on the right road. In previous chapters there have been many illustrations of dynamic energy in numerous meetings, and today, ever since he assumed the Premiership of his nation at the crucial date of May 10, 1940, he has moved at a pace which has forced even the ablest of his experts, and his advisers find difficult to keep up with in their routine tasks, with reports that since he became the leader of the Government No. 10 Downing Street appears quite active and lights burn until 2 or 3 in the morning. Indeed, it has been reported again and again that Winston Churchill, with his inevitable cigar in the mouth, concentrates for 15 to 18 hours each day on his work, including many inspections, interviews, meetings, consultations, etc. His courage has been shown in various chapters of this series, and today, his indomitable and unyielding character as a leader is more feared by the enemies than any other one-man show of resistance to aggression. The same spirit that marked his career as a plain soldier or officer in the army when he was a younger man, or when he was leader of the armed forces in certain directions during the last World War, is present in the 65-year old Prime Minister. In fact, his grim and determined face is a symbol of his fearlessness. Though it will not be difficult to understand, nor to appreciate at this point that Winston Churchill is not the kind of a leader that will appease dictators of any type, yet it cannot be emphasized too often nor too strongly, that he is of a very sincere nature once he has reached some decision in his life, and today, this is the attitude of this man, to win the future course of history, to win the war effort, with the remark that though he is far from being a subtle person by nature, yet in spite of his possessing an inherent quality of absolute frankness he will continue to employ strategy and schemes to win the war and to save mankind.

## — TRAIN SCHEDULE —

Strathmore—  
Going West No. 1 ..... 8:57 a.m.  
Going East No. 2 ..... 8:52 a.m.  
Calgary—  
Going East No. 4 ..... 9:08 a.m.  
Going West No. 3 ..... 6:52 a.m.

try of food with larger quantities of cheese and condensed milk during the 1941 season. To meet Britain's requirements and at the same time supply the domestic markets, it is calculated that Canada must increase its milk supply by 600,000,000 lbs. or about 4 per cent over the 1940 figure.

● Controlling the Warble Fly menace. Now is the time to treat the backs of all cattle with a Iverm wash or powder to destroy the grub. The Dept. of Agriculture will gladly assist in organizing a Warble Fly control campaign in your district. For further information on this subject, write the Live Stock Branch, Department of Agriculture, Edmonton.

● An increase of about 27 per cent in swine marketing is shown for the first 10 weeks of 1941 against the first 10 weeks of 1940. The figures for the two periods are 1941, 287,373 and 1940, 225,890. During the same period, Manitoba marketings of swine have increased about 35 per cent and those of Saskatchewan have risen 74 per cent over the marketings for the same period in 1940. An increase of 29 per cent for all of Canada has occurred for the first 10 weeks.

● Among the services performed by the Provincial Horticultural Station at Brooks, is testing of fruit varieties for hardiness. The results of these tests show that there is a great difference in the hardiness of the many varieties of fruit trees which are tested at the station.

## Flax Production—

● Flax Production in Alberta is the title of a new circular issued by the Department of Agriculture, Edmonton. It contains much useful information for farmers who are contemplating sowing of flax for a substitute crop in 1941.

The prospects for flax are good and requirements for the next few years are likely to increase.

● Every year millions of dollars are lost by the injuries of warble flies. Warble fly powder may be obtained from drug stores and elsewhere, and the Department of Agriculture is prepared to supply it at cost, in not less than 21 pound lots, to groups of farmers.

## FLOUR FOR FRANCE

Two shiploads of flour, consisting of 15,500 tons, will be sent from the United States to unoccupied France and distributed there under the supervision of the American Red Cross. After receiving assurances that the flour will not be permitted to aid the German cause, the British government consented to the shipments.

Ordinarily France's wheat production, which averages in excess of 325 million bushels a year, is sufficient for the needs of her 41 million population. The bulk of the production comes from northwestern France, however, and this region is occupied by the Germans, who will not allow surplus wheat to be sent to the unoccupied area.

Frenchmen are great bread eaters, but the scarcity in unoccupied France has been accentuated by the presence of many thousands of refugees. Marshal Petain, French chief of state, says about 850,000 tons of wheat are needed to stave off threatened famine in unoccupied France. The British contend that France had ample wheat supplies if the Germans had not interfered.

from the fate of slavery under totalitarianism or inhuman dictatorship, fighting on until his singleness of purpose is finally accomplished in totum. This is his scheme and upon it depends the future course of history. Winston Churchill is sure of his value, and there is no doubt that he will not rest until his objective is attained, making him the right man for the right job at the right time.

At no time in the history of mankind has so much depended upon man's success or failure of a single man's health and leadership qualities, but at the same time it is likewise true that at no other period in history has a more energetic and talented leader appeared with just the right kind of background, tact, experience, and ability to coincide with the needs of a disturbed world.

And with God's help he will succeed to uphold the cause of justice and righteousness.

THE END

## Making Trouble for Adolf

Jean Paquette and the other Dominion Textile employees are making aircraft cloth, tire fabrics for mechanized equipment and millions of yards of other vital military materials which mean trouble for the Nazis.

Cotton textile war production in this country has been up to Government schedule or ahead of schedule since the first week of September, 1939.

World Council of Churches  
In Toronto June 3 - 5Momentous things are happening  
in the world and the next twelve  
months may bring about an entire re-  
adjustment in our present social or-  
der. No one can predict the future but  
the "Observer" will keep you informed  
of the part the Church will play in  
the post-war world. For instance, from  
June 3rd to 5th, the World  
Council of Churches will meet in  
Toronto and the Archbishop of York,  
whose pronouncements on the new  
social order have been of world-wideCASH PREFERRED  
The knot was tied, the pair were wed,  
And then the smiling bridegroom said  
Unto the preacher, "Shall I pay  
To you ten shillings for today,  
Or would you have me wait a year  
And give you then a hundred clear,  
If I should find the married state  
As happy as I estimate."  
The preacher lost no time in thought,  
To his reply no study brought,  
There were no wrinkles on his brow,  
He said, "I'll take \$2.00 now."Interest will discuss with other inter-  
national religious leaders the Church  
of tomorrow.LOOK

OUTSIDE CANADA \$2.50 PER YEAR  
ALL SUBSCRIPTIONS PAYABLE IN ADVANCE  
Member of the Canadian Weekly Newspapers AssociationThe New York Times recently pub-  
lished a little poem by Fairfax Dow-  
ney. It was entitled "On Giving of  
Thanks."  
Thank Thee, O Lord,  
For this my bed,  
For roof unbombed  
Above my head,  
And for Thy gift,  
My daily bread.  
Why is it we  
Must come to know  
Belatedly  
From others' woe  
The gratitude  
We always owe?

## EVENTFUL DAYS

DURING the last ten days moment-  
ous events have occurred in the  
war zone, such as to strongly demon-  
strate the strength of the allied cause  
and to encourage, and magnify that  
undecurrent of confidence in ultimate  
victory that has existed all along  
in the heart and mind of the British  
people and their sympathizers.The courage and tenacity of the  
Greeks, now followed by the people  
of Yugoslavia, the miraculous victory  
of the navy in the Eastern Mediter-  
ranean, the taking of so many ships  
by the United States, the loss of Ger-  
man ships off the coast of Peru, have  
followed with such startling rapidity  
as must necessarily fill the German  
people with grave alarm, and con-  
travertise grave cause for rejecting on  
the part of the British Allies.Strengthen The Arm And Morale  
Of Our Fighting Forces—  
But the end is not yet, and our  
sailors, soldiers and airmen, will have  
many long dreary dangerous terroriz-  
ing homelike and heartless days  
before peace is again established.It is to strengthen the courage and  
morale of our men that this "G in I"  
Campaign has been inaugurated. It  
takes money to provide these comforts  
and entertainments. So give freely  
and generously to provide some of  
these for our men who are defending  
the cause of freedom for us all.GIVE FREELY TO THE  
SIX IN ONE CAMPAIGNThe co-ordinated appeal of these  
six organizations is symbolic of the  
unity of the Canadian people in  
their war effort and their desire to  
stand firmly behind the brave young  
Canadians who offer their lives to  
safeguard the freedom of the rest of  
us.  
These are businesslike budgets.  
This is a businesslike operation.  
It is one united drive taking the  
place of six separate drives.  
The funds contributed for auxil-  
iary services directly benefit the men  
in uniform.This is the only national fund-raising  
campaign, this year, for our men  
in uniform.  
These are Government-authorized  
budgets.  
RED CROSS PARCELS  
TO PRISONERS OF WARTHESE parcels, 20,000 of them are  
sent from Canada weekly and  
contain— 16 ozs. of biscuits; 16 ozs.  
of Klim; 16 ozs. of creamy butter  
in a vacuum tin; 12 oz. tin of jam;  
12 oz. tin of corned beef; 8 oz. of  
sugar; 8 oz. of chocolate bar; 8 oz.  
of prunes; 8 oz. of dried apples; 8  
oz. tin of almond; 4 oz. tin of sardines;  
4 ozs. of tea; 4 ozs. of cheese; 1 cake  
of soap; salt and pepper.Under The  
Street Lamp

FROM OTTAWA

Continued From Page Three  
In the next 15-18 months, these  
planes will have a range of 3,500  
miles and an average speed of 350  
miles per hour. Pilots to handle them  
observers to guide them and gunners  
to fight on them will be supplied by  
the Commonwealth Air Training Plan.  
There is at present a great reserve of  
recruits and they are the flower of  
the youth of the country from a physical  
and educational standpoint.  
Canada has now a quarter of a million  
men under arms.

UNITED CHURCH OF CANADA

Strathmore—Alberta

Rev. S. E. Hunt, B.A., B.D.

"We need in this day of deepening  
night, increasing labor, and leav-  
ing behind the soul—now more  
than ever, we need to know a  
God who is not only above us, but  
also with us and for us. A God who is  
willing to suffer with His suffering  
children; a God who Himself freely  
gives the greatest price that ever can  
be paid for the vindication of the  
holiness of life and the redemption  
of mankind from evil."

—Henry Van Dyke.

Friday Evening, April 4th, 7:15

Service of preparation for Sacrament  
of the Lord's Supper.

## Local News Items

Born to Mr. and Mrs. Phillip Archibald,  
a daughter on March 29, Patricia May,  
at Mrs. MacKenzie's Nursing Home.  
Dr. Giffen in attendance.

Mrs. Jack Bennett is a patient in  
the Bascom Hospital following an op-  
eration performed Monday morning  
for appendicitis. Dr. Scott assisted by  
Dr. Giffen performed the operation.  
We are glad to state Mrs. Bennett is  
making a very satisfactory recovery.

Homor Nelson returned last week  
from an extended visit to his old  
home in Kansas.

Mr. and Mrs. Ned White entertained  
at a Dinner Bridge of three tables  
Tuesday evening. A very happy even-  
ing and some keen bridge was en-  
joyed. Winners of high scores were Mrs.  
Whitcomb and Mr. A. Pearson.

Mrs. Cecil Lambert entertained at a  
jolly birthday party Tuesday for her  
young son Billy, needless to say the  
small guests enjoyed a very happy  
afternoon.

Mrs. Barnett who has been staying  
with her daughter Mrs. A. D. Shrim-  
pton for several months is leaving Fri-  
day for a visit with her son at Drum-  
heller before returning to her home  
in Nanton.

Mr. E. H. Starr of Starr's Ambul-  
ance, Calgary will be the guest speak-  
er at the Lions' Club meeting Thurs-  
day.

Mrs. Bailey has moved into Mrs.  
Smith's apartment, and will reside  
there in future.

Mrs. Wertenberger plans to make a  
visit to her home in Entwistle in the  
near future.

The B. Natural Club met Monday  
of last week at Mrs. MacLeod's home.  
Hayden was the company, whose  
works were given with a paper on the  
Composer by the Leader Miss Gerry  
Van Tighem. Winners in the musical  
contest were Grace Riddon and Diana  
Young. Choice refreshments con-  
cluded a very happy evening.

Mr. and Mrs. J. A. French arrived in  
town Tuesday to renew old acquaint-  
ances. They will be guests of their  
daughter Mrs. Ralph Martin and Mr.  
Martin for several days.

Eleven bright new shiny red tractor  
standing in a row at the back of  
Hughes Motors last Saturday gave  
added proof of the fact that Spring  
and farm cultivation is just around  
the corner. Today (Wednesday) the  
number is depleted by about 1-2, so in  
the Spring a farmer's fancy turns  
to tractors, discs and drills, and  
eventually hopes for a bountiful har-  
vest.

## AUCTION SALE

Having received instructions from  
Mrs. S. E. Brown of Namska, I will  
sell at the Farm situated 1 miles East  
and 1 mile North of Namska, 8 miles  
East and 5 miles South of Strathmore  
—on—

Mr. Armstrong of the Local Bank  
staff is on holiday at his home in  
Lethbridge.

Mr. and Mrs. Langer of Camrose  
were week end guests of Mr. and Mrs.  
Whitcomb.

The Council will close Thursday,  
April 10th for the Easter vacation.

Mrs. Whitcomb and daughter, Ber-  
ice, enjoyed a visit with friends in  
Camrose, during last week, prior to  
Bernice's returning to her position in  
Calgary.

Mr. McMurtry left Wednesday night  
on a short trip to Regina.

Due to running out further north  
ice owing to heavy roads East of  
Strathmore, plans have been placed  
on all trucks, except light deliveries,  
and these only to load.

Mrs. Weir and Elsie were guests  
Tuesday at the home of Mrs. Frank  
Jones.

Rev. Geo. E. Williams of Calgary is  
visiting his daughter Mrs. M. MacLeod  
and Mr. MacLeod for a couple of  
weeks.

THE JEEP IN STRATHMORE—

No it is not a joke. A real, power  
unit, one which has been developed  
for extra heavy loads and has been  
adapted for the army and heavy com-  
mercial use, is on display for 1 hour  
only Monday at Hirtle's Theatre. See  
Phillips Motors Advt.

Mr. Thos. E. Wright received word  
Sunday of the death of his Mother  
t Cousin, Quebec. Mrs. Wright was  
in her 82nd year, February 26th last.  
Mr. and Mrs. Wright celebrated their  
40th Wedding Anniversary, when all  
of the sons and daughters now living  
were present to enjoy the Family Re-  
union.

Mr. R. W. Palmer representative of  
Cambridge Clothing will be at Thos. E.  
Wright's store Friday and Satur-  
day. Leave your order for your Spring  
Coat or Suit.

## NIGHTINGALE

Owing to the condition of the roads  
only one W. I. member was able to  
get to the home of Mrs. Dougan on  
Monday last, several members start-  
ed out but had to turn back. The  
next meeting is to be with Mrs. Roy  
Trimble and several interesting items  
are scheduled for that date. Consult  
your programmes and be sure to be  
on hand.

A special meeting of the W. I. was  
held on Tuesday last and was held  
at Nightingale Hall. Ten members  
were present. Ten dollars was dona-  
ted to the War Services Fund. The  
members also unanimously decided to  
invite the Constituency Conference  
to meet at Nightingale this summer.

Messrs. Charles and Arthur Kim-  
met are canvassing on behalf of the  
War Services Fund.

Mr. and Mrs. Lambert Parr are vis-  
itors at the home of Mr. and Mrs. A.  
Parr.

Eldie Larsen is a guest of her cou-  
sins Mr. and Mrs. Kinney in Toronto,  
and will remain there when the Dece-
